Facilitating Transformation through Values: Self™

Overview, Outcomes & Pricing

Facilitating Transformation through Values™

Setting a Global Standard

The [Facilitating Transformation through Values™ \(FTV\)](#) Facilitator Accreditation program has been developed over a 10 year period as part of our work for a leading global management consultancy in training their own and clients' transformational facilitators.

With a selection process requiring experienced facilitators, the program is a 10-15-day Forum-Field-Forum facilitator development program delivered over 5-6 months. It is based on the Barrett 7 Levels of Consciousness and Kegan's Adult Stages of Development frameworks. It focuses on values as the key to transformation of leaders. The aim is to assist leaders in becoming truly authentic and courageous, leading from their own values, sense of purpose and meaning.

The program is focused on expanding one's level of consciousness so that a leader or facilitator can unlock their challenges from a more expansive, systemic perspective.

The FTV is formally endorsed by [The Barrett Values Centre](#) as recommended to their global network of Cultural Transformation Tools (CTT) Practitioners.

Our "Why"

- Our purpose in developing the FTV is to:
- Make available to the world a way to work with values that is deeply transformational and sustainable
- To empower facilitators and coaches with a methodology where they can use values more powerfully with clients
- To create a global community of transformational facilitators of the highest standard
- Create a "Collaboration Movement" where we can work together with consciousness-raising organisations, such as Barrett Values Centre, to enable greater impact in business and society

FTV Self™ - Foundation Program

Purpose & Outcomes

Purpose:

The purpose of the FTV Self program is to both teach the deep essence of the transformational work AND provide a high standard of facilitator materials (session plans, charts, client workbook) that can be immediately applied to clients. The work bridges both universal concepts, such as unlimited potentiality and observer created reality, whilst grounded and accessible to business leaders.

Outcomes:

- Become transformational as a facilitator at a "Being" level, expanding their own level of consciousness
- Integrate values and levels of consciousness as a transformational methodology
- Deliver a top team transformational program with a lineage of deep impact for organisations globally
- Coach leaders at a profound life changing level

We are not human beings
having a spiritual experience,
We are spiritual beings
having a human
experience.

FTV Self™

Selection Criteria

FTV Self™ is an advanced facilitator program. Candidates are interviewed as to their eligibility for the program. The purpose is to ensure there is a fit for this deep work and the background of the participant.

Facilitator Selection Criteria:

- Typically 10+ years experience in the business
- Strong credibility and ability to influence senior leadership
- Strength in emotional intelligence
- Feel “called” to do this work
- Experience in facilitation
- Been on a personal journey and can speak vulnerably to their own transformation
- Are committed and have the time available to learn and practice for accreditation
- If in-house, sponsored by a senior executive

Overall I had a deeply transformational experience both on a personal and organisational level. It facilitated my wish for the week more than 100%. It strengthened my trust and faith in my Being part, so that I am being prepared to fully live my soul's purpose. The week was a life changing experience for me.

Structure & Agenda

WEEK 1 – LEARN THE MODULES

Days 1 - 2

Experience the Inspired Leader Journey™- the program you are being accredited to facilitate, so that you have an authentic and transformative experience yourself

Days 3 - 5

The curriculum consists of 12 modules and follows a Theory U transformational design. We begin by deconstructing the key modules, learning both the content but more importantly the SQ wisdom that sits behind each module. We alternate between learning the content and experiencing deep personal development sessions on "Being" development.

FIELD WORK

In the 4-6 weeks between Week 1 and Week 2 participants read and practice all the session plans individually and with their cohort groups. They also receive 1:1 coaching by one of the FTV Mentors.

Timing:

4-6 weeks

Suggested study time:

6-8 hours per week

WEEK 2 - ACCREDITATION

The second week outcome is accreditation of the Leading Self modules. More importantly this week is for the integration and embodiment of the deep Essence of this Work. We create a caring learning environment for each person to move to their next level of personal transformation whilst facilitating. The ultimate aim is for a facilitator to be a channel of wisdom.

We work in small group cohorts. Each participant facilitates the modules, gives and receives supportive feedback.

Accreditation levels

- Lead
- Co-facilitator
- Support (can support programs but not facilitate)
